

## Rates and Insurance.....

### Rates

\$130.00 initial session

\$100.00 subsequent sessions

### Insurance

Services may be covered in full or in part by your health insurance or employee assistance plan. Please check your coverage carefully by asking the following questions:

Do I have mental or behavioral health benefits?

What is my deductible and has it been met?

What is my co-insurance or co-payment amount per session?

How many sessions per calendar year does my plan cover?

Do I have out-of-network coverage and how much does it pay?

Am I required to obtain an authorization code or number prior to receiving services from a therapist?

Is approval required from my primary care physician?

### Payment

Cash or check accepted for payment.

### Cancellation Policy

When a counseling/psychotherapy client schedules an appointment, he or she purchases the therapist's time. Insurance plan and employee assistance plans do not pay for missed appointments. If a person does not show up for a scheduled appointment and has not notified my office at least 24 hours in advance, that person is responsible for full payment of the counseling fee.
